

Sporting Clay EZ Card Readers

We now have 15 stations set up to read cards electronically. Even if you are by yourself, you can set a time delay. The price is \$30.00/100 targets for members and \$35.00 for non-members. There is also a charge of \$5.00 for purchase or replacement of card.

You may purchase them at the club house when it is open or at ABC Seamless Siding during normal business hours. Next to the KOA near Crossroads in Jerome.

We can only accept cash or check at the club house for now and are working on card purchase in the near future.

Singles and Report Pairs, just push which target you want, A, B or C. Not all stations may have a C trap.

True Pair: Push TP, then push A, B, or C, then when you push the A, B, or C as a second button, both targets will fly.

If the card readers haven't been used for a while, place your card in and out to wake it up. Then place your card in again, it will tell you how many targets you have used and have remaining.

To use the delay option, like shooting by yourself, It will ask you if you want a 2, 3 or 4 second delay.
